|                              |  |  |
| RESPONSIBLE TO:              | Service Manager and Clinical Director through their supervising Consultant(s) and the Clinical Head.       |  |
|                              |  |  |
| FUNCTIONAL<br>RELATIONSHIPS: | Health care consumers. Hospital and community based health care workers.                                   |  |
|                              |  |  |
| PRIMARY OBJECTIVE:           | To facilitate the management of inpatients under the care of Rehabilitation and Services for Older People. |  |
|                              |  |  |
| RUN RECOGNITION:             | This clinical attachment is accredited by the New Zealand Medical Council for Prevocational Training.      |  |
|                              |  |  |
| RUN PERIOD:                  | 13 weeks   |  |

# **Section 1: House Officer's Responsibilities**

| Area            | Responsibilities   |
|-----------------|--|
| Clinical Duties | The House Officer will attend acute and elective admissions to the Department, construct a problem list, complete MSQ sheet, and request basic investigations on admission (clinical indicator).   |
|                 | <ul> <li>Inpatients will be attended daily on weekdays and particular attention paid to problem list. The House Officer will admit, document clearly and manage medically all patients admitted into the ward under supervision of the named consultant. The House Officer will be responsible for attending ward rounds, arranging investigations, obtaining results, as well as the day to day medical care of the patients. The House Officer will also be expected to attend the multidisciplinary meetings, x-ray conferences and some family meetings.</li> </ul>                |
|                 | • The House Officer will attend ward rounds and will actively participate in the management of patients, following Consultant and Registrar advice and when neither of these is available on site seeing patients and seeking assistance as appropriate. The House Officer is expected to liaise with the other health professionals in the unit to ensure the required level of coordinated care to patients. This may include meeting each morning with the Charge Nurse of their unit. House Officers are expected to ensure their patients are safely and efficiently handed over. |
|                 | The House Officer will maintain a high standard of communication with patients, patients' families and staff. The House Officer will confer at all times with other clinical team members regarding rehabilitation / discharge planning and progress of patients.  |

| Area           | Responsibilities  |
|----------------|---|
|                | During weekdays the House Officer is expected to perform ward calls on patients in AT&R, and Medical wards if on call in the evening with referral to the Subspecialty Registrar on site if required, and support from the on call Renal Registrar/HMO and AT&R SMO if needed.  |
|                | <ul> <li>At weekends the AT&amp;R House Officer will work with one of the General Medicine<br/>Registrars on the Medical ward to admit both General Medicine Subspecialty<br/>patients to the ward when rostered on call. The House Officer is also expected to<br/>perform ward calls on patients in the appropriate assigned wards if on call for<br/>General Medicine.</li> </ul>      |
|                | Clinical skills, judgement and knowledge are expected to improve during the attachment.   |
|                | CMDHB Clinical Board policies are to be followed at all times.  |
| Administration | Legible notes will be written in patient charts on admission, daily on weekdays and whenever management changes are made, and comply with CMDHB documentation policy.   |
|                | All instructions (including drugs, IV fluids and instructions for nursing) will be accurately and legibly recorded and legibly signed.  |
|                | Appropriate laboratory tests will be requested and results sighted and electronically accepted on a daily basis. Abnormal results must be discussed with the Registrar and or Consultant. Referrals will be made at the Consultant's request to other specialists/units, clearly stating the problem to be addressed.   |
|                | Discharge documentation should be completed prior to the patient being discharged. Patients will receive a copy of the comprehensive Electronic Discharge Summary (EDS), a prescription, and follow up appointment if required. Where early GP follow up is anticipated or the case is complicated the House Officer should ensure the GP is updated by telephone.                        |
|                | The House Officer may, at the Registrar's request, be responsible for completion of death certificates of patients who had been under their care.   |
|                | The House Officer is expected to attend the AT&R weekly clinical teaching. There is mandatory attendance at the monthly Mortality Review Meeting and the quarterly Orientation and Quality Assurance meetings (unless on urgent clinical duties).   |
|                | Obtain informed consent for procedures within the framework of the Medical Council guidelines which state:  |
|                | <ol> <li>"The practitioner who is providing treatment is responsible for obtaining<br/>informed consent beforehand for their patient. The Medical Council believes<br/>that the responsibility for obtaining consent always lies with the consultant –<br/>as the one performing the procedure, they must ensure the necessary<br/>information is communicated and discussed."</li> </ol> |
|                | <ol> <li>"Council believes that obtaining informed consent is a skill best learned by<br/>the house surgeon observing consultants and experienced registrars in the<br/>clinical setting. Probationers should not take informed consent where they do<br/>not feel competent to do so."</li> </ol>  |
|                | If absent due to unexpected circumstances (e.g. health, other), contact the RMO Support Unit or Duty Manager directly as well as the Consultant to which the registrar is clinically responsible in the absent duty   |

**Section 2: Training and Education** 

|      | Monday  | Tuesday                 | Wednesday   | Thursday                       | Friday   |

|      |   |                         |   |                                |  |

Note: dates and times for the sessions above may change.

Other teaching is available depending on the sub-speciality of interest. Please refer to the intranet (Paanui) for days and times.

# Education

There will be a minimum of 3 hours educational sessions per week. Occasionally, urgent medical commitments may interrupt these meetings.

# Research

It is not anticipated that house officers will be directly involved in research.

# **Section 3: Roster**

#### Roster

#### **Hours of Work**

- Up to 4 long days in 4 weeks Monday to Friday 0800-2230
- 1 in 4 weekends 1x 0800-2230, 1 x 0800-1600
- Up to 14 nights in 13 weeks \* 2200-0800
- Monday to Friday 0800-1600

### **Nights**

There will be a consistent workload for minimum staffing levels of 3 House Officers rostered to night duty to cover for General Medicine, Medical Specialties, AT&R and Mental Health Services.

### Weekday Long Days

There will be a consistent workload for minimum staffing levels of 8 House Officers rostered to weekday long days (Monday-Friday).

#### Weekends

A consistent workload for minimum staffing levels of 6 House Officers rostered to weekend long and short days Saturday and Sunday. This is inclusive of the medical specialty house officer weekend long and short days.

Please note – within the published roster/roster template there are additional long days and weekends rostered. This is to provide buffer for both planned and un-planned leave and these shifts are over and above the minimum staffing levels outlined above. Cross cover payments would not apply where the additional/buffer shifts are not filled as these shifts are above minimum staffing levels. House Officers will be assigned a home team and supervisor, however are allocated to the Medicine service as a whole, with workload reviewed regularly and shared across the division.

During an after hours shift, the participants on this run will contribute to an after hours team. The house officers will work generically across General Surgery, Orthopaedics, Plastic Surgery, General Medicine, Medical Specialties and Mental Health Services over this time, however will work in their designated service wherever possible. House Officers will assist with admitting when ward duties are complete.

\*First year house surgeons (class 1 and 2 probationers) shall not do night shifts in first six months of employment, unless they have completed a general medical run in which circumstance they will not be rostered onto nights for the first three months of employment.
